

Do you have room in your heart and home to foster or adopt Berdina?

Berdina is a friendly, energetic 3-year-old spayed pitbull mix looking for a second chance at love. Her former owner recently passed away unexpectedly, and she seeks a forever home where she can be the only pet so that all the belly rubs are for her. She also prefers the company of adults so she can get all the attention she deserves. With a stable home and positive training, you'll really see this gorgeous girl's personality shine. We hope you'll love her as much as we do!

Please visit Berdina at the Washington Animal Rescue League (71 Oglethorpe Street, NW Washington, DC 20011) if you are interested in fostering or adopting her or call (202) 726-2556.
